FIN CHASER
DESIGNED BY FISHERMEN, FOR FISHERMEN

465CC

$39,995

After plenty of demand, we're proud to present the Fin Chaser 465 center console. The Fin Chaser 465cc is an extreme all-rounder boat, built with ultimate maximum fishing room for soft bait or jigging.
With the success of the Fin Chaser 465 Forward Steer, and the ever increasing demand for our center consoles, we've merged 2 of our most popular model designs to create the ultimate trailer fishing boat.
Fin Chaser aluminum boats are recognised as extremely safe and stable boats for family recreation, fishing and diving.
Not only does the center console free up space, it also ensures the driver has the easiest ride and the best visibility with a 360° fishing view. The Fin Chaser 465cc is built to last, with 4mm hull and 3mm sides, wide beam, gull-wing hull and Fin Chaser Dual Positive Buoyancy System.

265 KAHIKATEA DRIVE, HAMILTON

When I decided to look for a smaller centre console, Max and the team stood out from the others with both their boat designs and customer service. They made it easy from start to finish talking through the options and always happy to accomodate my follow-up calls with changes.

When my 465 cc arrived on one of the new fc trailers I couldn't wait to get it on the water, and was so impressed with the handling and design that I knew I'd made the right choice. It's the perfect boat for the type of fishing that I do, great for one person but easily taking on more as well.

Thanks team, I'm looking forward to all the fishing missions ahead.
Brett Moore
